innovative seating

Gentaş Grup bünyesinde kurulan **Tavilo markası**

Mobilya Metal ve Plastik ürün gruplarıyla, Modüler yaşam mobilyaları, Eğitim Mobilyaları ve Bahçe mobilyaları alanlarında faaliyetlerini sürdürmektedir.

15.000 m2 kapalı alanda üretimlerini gerçekleştiren Tavilo, Dünya genelinde 75 farklı ülkeye ihracat gerçekleştirmektedir. Ülke genelinde yaygın bayi ağı ile hizmet vermekte olup, projelerinizde destek vermeye devam etmektedir.

Yenilikçi ve Özgün tasarımlarıyla yaşam alanlarınızı renklendiren Tavilo aynı zamanda ileri teknoloji ve otomasyon üretimi ile yüksek standart kalite ve güvenliği sağlamaktadır.

Gentaş Group, Tavilo continues its operations in Modular Living Furniture, Educational Furniture, and Outdoor Furniture with its Furniture, Metal, and Plastic product groups.

Tavilo carries out its production in a 15,000 m² indoor facility and exports to 75 different countries worldwide. With its extensive dealer network across the country, it continues to provide support for your projects.

With its innovative and unique designs, Tavilo adds color to your living spaces while ensuring high-standard quality and safety through advanced technology and automated production.

"Geçmişten Günümüze"

"From Past to Present"

GENMAR became a strategic structure under the GENTAŞ Group roof, carrying its production power to the market.

● **GENMAR, GENTAŞ Grup** çatısı altına katılarak üretim gücünü pazara taşıyan stratejik yapı haline geldi.

Wermodin production was launched; a new era began where durability and craftsmanship came together.

● **Wermodin üretimi devreye girdi;** dayanıklılık ve zanaatın birleştiği yeni bir dönem açıldı.

1979

1993

1972

● **GENTAŞ, Bolu'nun Mengen ilçesinde kurulmuştur.**

GENTAŞ was founded in the Mengen district of Bolu.

1991

● **GENTAŞ, Borsa** İstanbul'da yerini aldı; marka gücünü küresel vitrinde göstermeye başladı.

GENTAŞ was listed on the Istanbul Stock Exchange; the brand began showcasing its strength on the global stage.

1997

● **GENTAŞ'ta ilk HPL presi faaliyete geçti;** ilk HPL presinin devreye girmesiyle, plaka Laminat üretimine başladı,

The first HPL press at GENTAŞ became operational; with the commissioning of this first HPL press, the company began laminate sheet production.

The first CPL press at GENTAŞ became operational. With this milestone, it became the first factory in Turkey to produce both HPL and CPL laminates under one roof.

GENTAŞ'ta ilk CPL presi faaliye geçti.
Ülkemizde HPL ve CPL laminat üretimini tek çatı altında gerçekleştiren ilk fabrika olmuştur.

1998

GENMAR's new plastic factory was commissioned; by taking a strong step into plastic product manufacturing, the brand opened a new chapter in the industry.

GENMAR'ın yeni plastik fabrikası devreye girdi;
marka plastik ürün üretimine güçlü bir giriş yaparak sektörde yeni bir sayfa açtı.

2024

2008

GENMAR, TAVİLO markasını kurarak
profesyonel yaşam alanlarına yönelik tasarım odaklı mobilya yolculuğuna başladı.

GENMAR launched the TAVİLO brand, beginning its journey in design-focused furniture for professional living spaces.

**Günümüz
Today**

TAVİLO, HPL, Wermodin, Metal ve Plastik ürünlerde yüksek teknoloji üretili,
geniş ürün yelpazesi ve 75'ten fazla ülkeye ulaşan ihracatıyla global sahnede büyümeye devam ediyor.

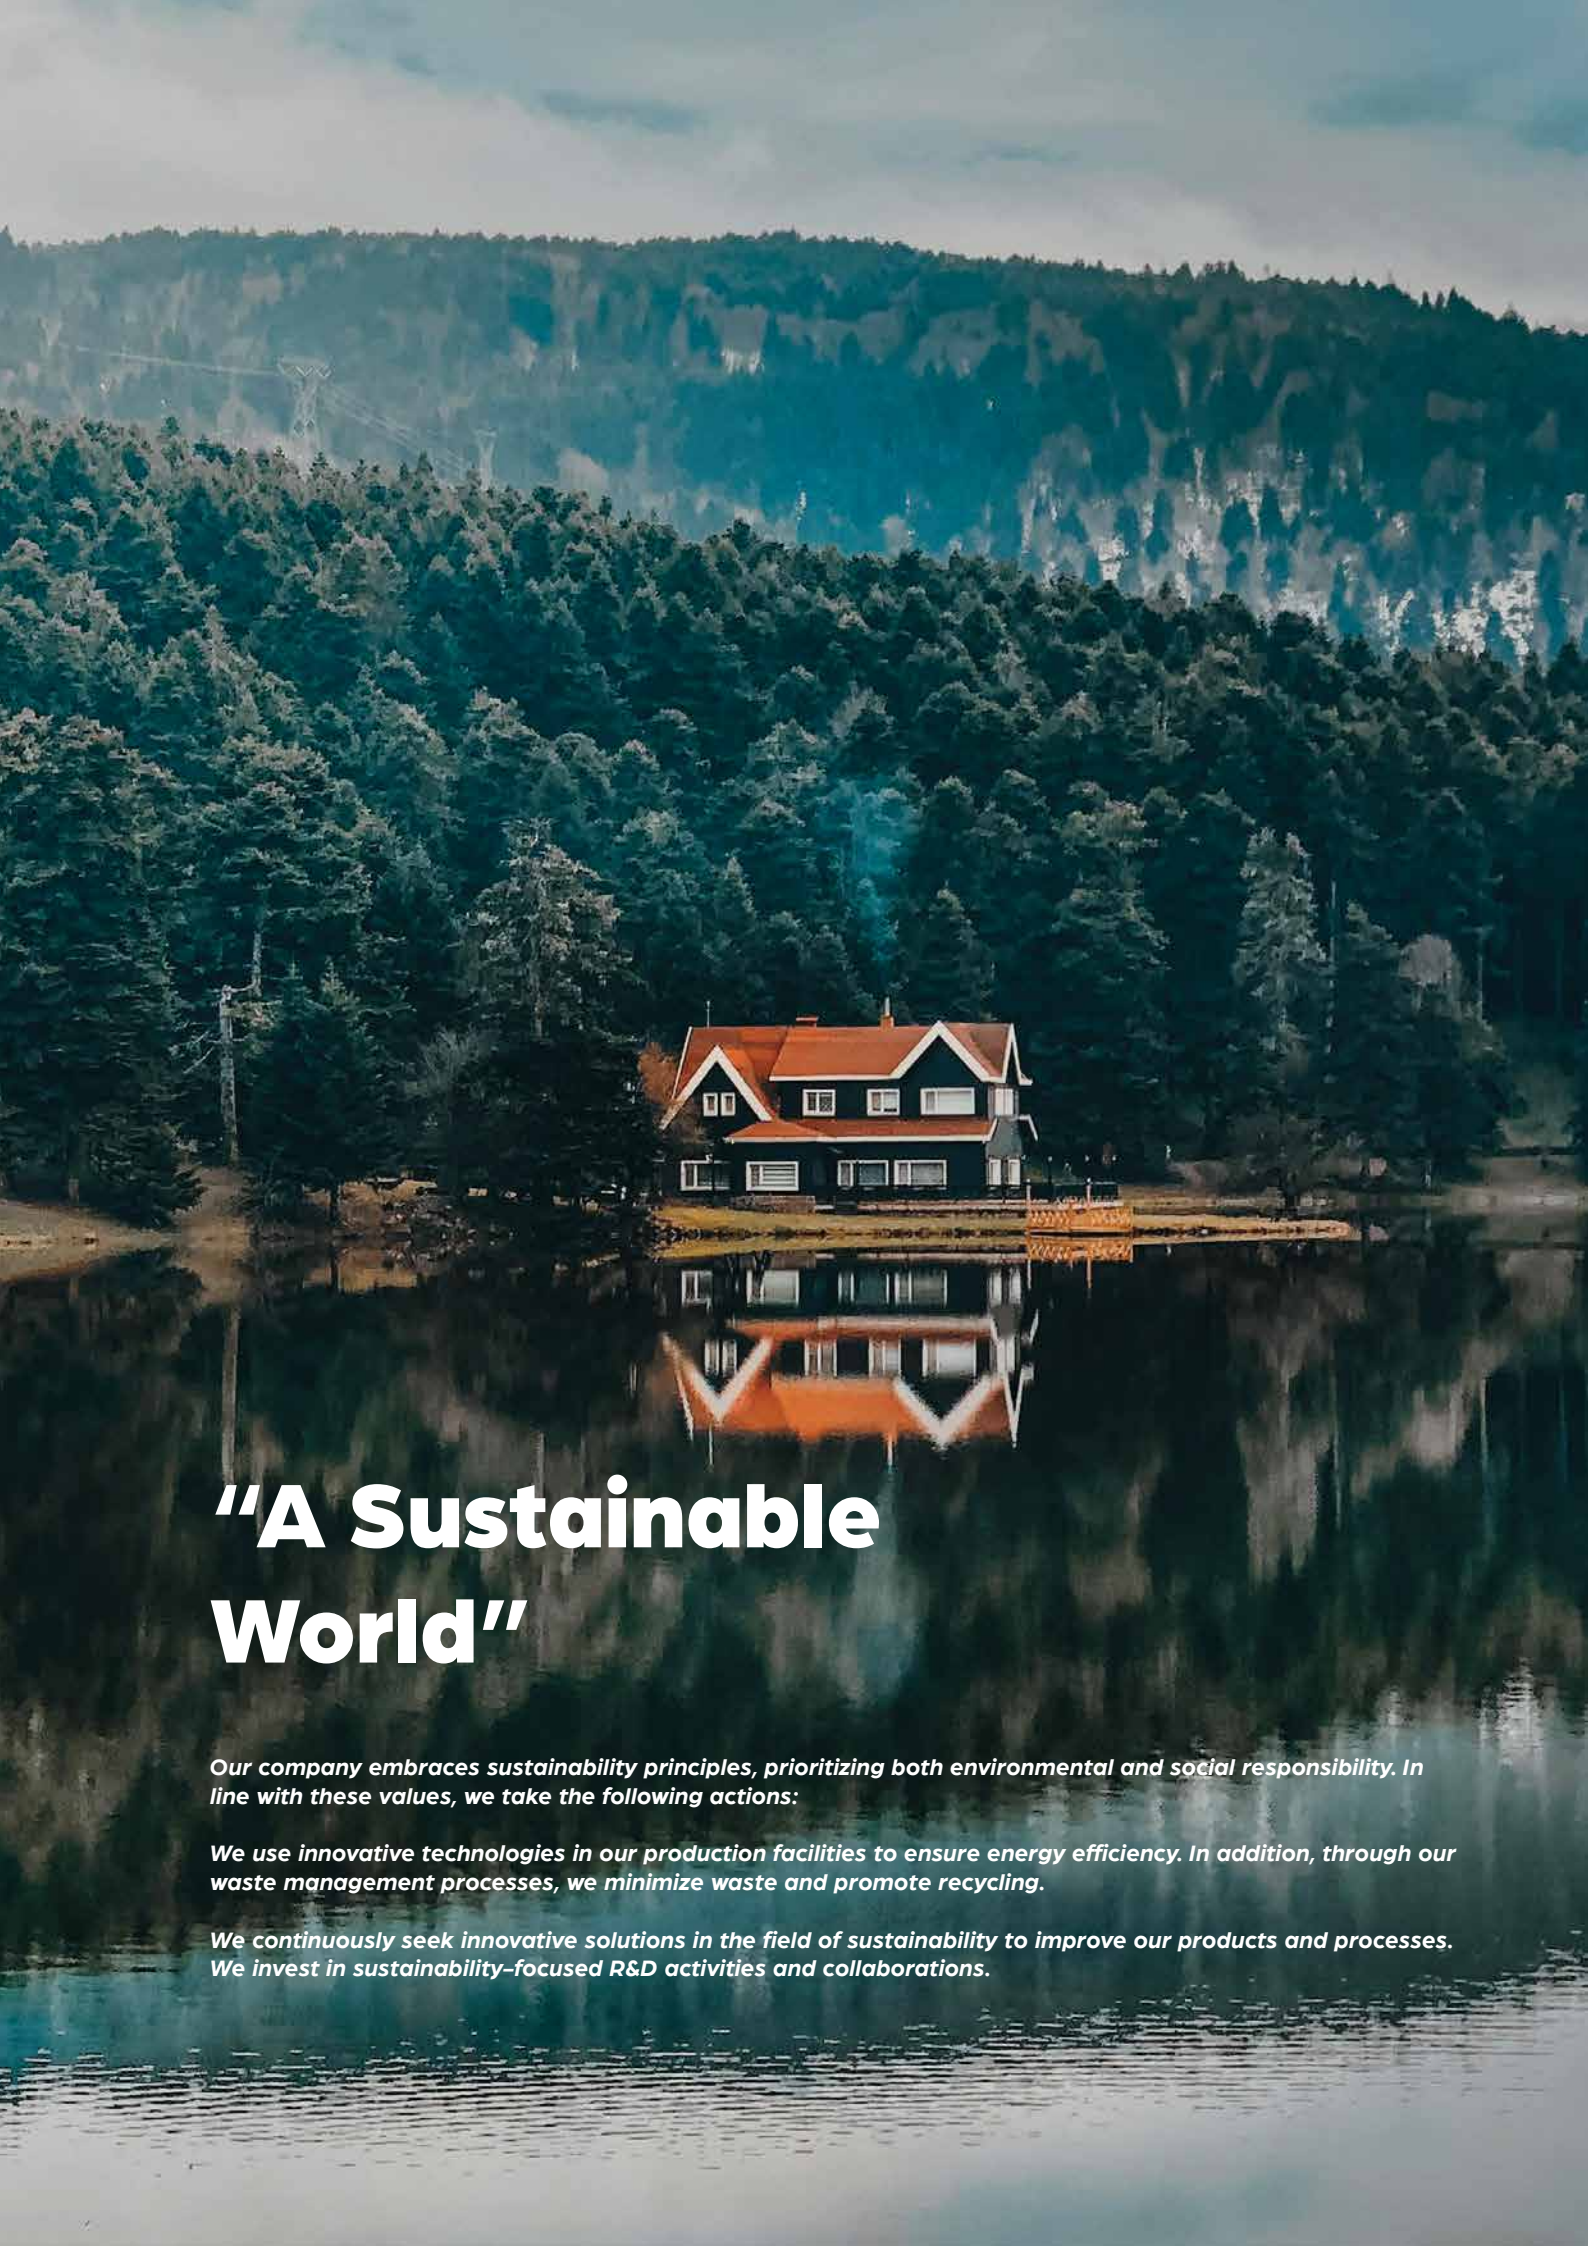

TAVİLO, HPL, Wermodin, Metal and Plastic products continue to grow on the global stage with high-technology production, a wide product range, and exports reaching more than 75 countries.

"Sürdürülebilir Bir Dünya"

Firmamız, sürdürülebilirlik ilkelerini benimseyerek hem çevresel hem de toplumsal sorumluluğunu ön planda tutmaktadır. İşte bu değerlerimiz doğrultusunda aldığımız adımlar:

Üretim tesislerimizde enerji verimliliği sağlamak için yenilikçi teknolojiler kullanıyoruz. Ayrıca atık yönetimi süreçlerimizle atıklarımızı minimuma indirerek geri dönüşümü teşvik ediyoruz.

Sürekli olarak sürdürülebilirlik alanında yenilikçi çözümler arayarak ürün ve süreçlerimizi geliştiriyoruz. Ar-Ge faaliyetlerimize ve iş birliklerimize sürdürülebilirlik odaklı yatırımlar yapıyoruz.

"A Sustainable World"

Our company embraces sustainability principles, prioritizing both environmental and social responsibility. In line with these values, we take the following actions:

We use innovative technologies in our production facilities to ensure energy efficiency. In addition, through our waste management processes, we minimize waste and promote recycling.

We continuously seek innovative solutions in the field of sustainability to improve our products and processes. We invest in sustainability-focused R&D activities and collaborations.

Kalite ve Güvenin Belgesi

Tavilo olarak yalnızca estetik ve yeniliği değil, aynı zamanda uluslararası kalite standartlarını da ön planda tutuyoruz. Üretim süreçlerimiz, dayanıklılık, güvenlik ve ergonomi açısından dünya standartlarında testlerden geçmektedir.

TS13869, TS EN 581-1, TS EN 581-2, TS EN 1729-1, TS EN 1729-2, TS EN 12521, TS EN 12727 ve TS EN 16139:2013 gibi uluslararası geçerliliğe sahip belgelerle, her ürünümüzün uzun ömürlü, güvenli ve konforlu olduğunu garantisini sunuyoruz.

Ayrıca **FSC, ISO 9001:2015 sertifikamız ve Catas Üyeliğimiz** kalite yönetim sistemlerimizdeki titiz yaklaşımımızı tescilliyor.

Tavilo'da her detay; kaliteye, güvene ve sürdürülebilirliğe duyulan inancımızın bir yansımasıdır.

Certificate of Quality and Trust

At Tavilo, we prioritize not only aesthetics and innovation but also internationally recognized quality standards. Our production processes are tested according to global benchmarks for durability, safety, and ergonomics.

*With internationally valid certifications such as **TS 13869, TS EN 581-1, TS EN 581-2, TS EN 1729-1, TS EN 1729-2, TS EN 12521, TS EN 12727, and TS EN 16139:2013**, we guarantee that every product we manufacture is long-lasting, safe, and comfortable.*

*In addition, our **FSCISO 9001:2015 certification and Catas Membership** certify our meticulous approach to quality management systems.*

At Tavilo, every detail reflects our commitment to quality, trust, and sustainability.

Tavilo Tasarım Ekibi

Tavilo'nun tasarım ekibi, markanın yenilikçi bakış açısını gerçeğe dönüştüren yaratıcı güçtür. Yeni ürün fikirlerinin ortaya çıktığı ilk eskizlerden, prototip çalışmalarına; üretim süreçlerinin planlanmasından, son ürünün katalogda yerini almasına kadar tüm aşamaları titizlikle yönetir.

Her yeni koleksiyon, ihtiyaçların analiz edildiği ve trendlerin değerlendirildiği bir fikir geliştirme süreciyle başlar. Ardından malzeme seçimi, form arayışları ve ergonomi testlerini içeren kapsamlı bir tasarım ve geliştirme aşaması yürütülür. Bu süreç boyunca tasarım ekibi, üretim departmanı ile iş birliği içinde çalışarak her ürünün hem estetik hem de teknik açıdan kusursuz olmasını sağlar.

Prototiplerin onaylanmasıyla birlikte ürünler üretim sürecine alınır ve gerekli kalite kontrollerinden geçerek tamamlanır. Son aşamada, markanın ürün çeşitliliğini güçlendiren bu yeni tasarımlar, Tavilo kataloğunda yerini alarak kullanıcılarla buluşur.

Tavilo tasarım ekibi, her koleksiyonda daha işlevsel, daha estetik ve daha yenilikçi ürünler üretmeyi hedefleyerek markanın geleceğini şekillendirmeye devam eder.

Tavilo Design Team

The Tavilo Design Team is the creative force that transforms the brand's innovative vision into reality. From the initial sketches of new product ideas to prototype development, from planning the production stages to the final selection of items for the catalog, the team meticulously manages every step of the process.

Each new collection begins with a concept development phase, where needs are analyzed and emerging trends are evaluated. This is followed by an extensive design and development stage, involving material selection, form exploration, and ergonomics testing. Throughout the process, the design team works closely with the production department to ensure that every product meets both aesthetic and technical standards.

Once prototypes are approved, the products move into production, where they undergo the necessary quality controls. Ultimately, these new designs which enrich Tavilo's product range take their place in the Tavilo catalog and are introduced to users.

With each collection, the Tavilo Design Team aims to create products that are more functional, more aesthetic, and more innovative, continuously shaping the future of the brand.

KAMi

Tavilonun, kağıdın versatil niteliğinden yola çıkarak origami tekniği ile geliştirdiği monoblok sandalye, Kami; sıradışı ancak her ortamda kendine yer bulabilecek uyumu formu, sade, özgün ve benzersiz tasarımı ile piyasadaki yüzlerce monoblok sandalye arasından öne çıkacak, piyasada fark yaratacak özel bir ürün.

Inspired by the versatile nature of paper, Tavilo developed the monoblock chair Kami using origami techniques. With its extraordinary yet universally adaptable form, simple and distinctive design, Kami stands out among hundreds of monoblock chairs on the market a truly unique product that will make a difference in the industry.

COMFORT

Plastikler, kolayca şekillendirilebilen ve esnetilebilen mükemmel malzemelerdir. Dayanıklılığı, hafifliği ve temizlenme kolaylığı sayesinde pek çok alanda rahatlıkla kullanılabilirler. Tavilo'nun plastik ile oyunu Play, bu özelliklerden ilham alarak tasarlandı. Monoblok gaz enjeksiyon yöntemiyle üretilen bu sandalyenin tasarımı ve çeşitli renk seçenekleri, onu hem estetik hem de işlevsel kılıyor. Yalın ve renkli tasarım arayanlar için ideal bir tercih!

Plastics are exceptional materials that can be easily shaped and flexed. Their durability, lightness, and ease of cleaning make them suitable for a wide range of uses. Tavilo's playful take on plastic, Play, was designed with these qualities in mind. Produced using the monoblock gas injection method, this chair's design and variety of color options make it both aesthetic and functional – the perfect choice for those seeking a simple yet vibrant design!

LIGO

Farklı ayak alternatifleri sunan LIGO'nun ana bağlayıcı modülü ürünün merkezinde yer alıyor. Bu merkezî modül sayesinde plastik, profil ayaklar ve yıldız ayak kolayca monte edilebiliyor. Demonte yapısı sayesinde LIGO, kullanıcı tarafından pratik şekilde kurulabiliyor. Ayrıca ana bağlantı modülü, ürünün paketlenmesi ve sevkiyatında da büyük kolaylık sağlıyor.

LIGO's central connector module lies at the heart of the product, offering various leg options. Thanks to this core module, plastic, profile, and star bases can be easily assembled. With its demountable structure, LIGO can be conveniently set up by the user. Moreover, the central connector module provides great convenience during packaging and transportation.

tibia

Tavilo'nun yeni monoblok sandalyesi Tibia ile amaçlanan piyasaya, kullanıcıya öncelikle ergonomik, rahat ve tasarım detayları ile diğer malzemelerle üretilen mobilyaları aratmayan, kullanıldığı mekânlarda estetik olarak da memnuniyet yaratan bir monoblok sandalye sunmaktır.

Yumuşak kavisli hatları, alçak ve rahat sırt dayaması, ayaklar ile gövdenin akıcı bütünlüğü ile Tibia, çok farklı mekânlarda kullanımı mümkün kılmaktadır. Bahçelerde, kafelerde, okullarda, evde, terasta, otellerde, plajlarda ve kent mobilyası olarak dahi kullanılabilecek Tibia, piyasada fark yaratacak iddialı bir giriş vadetmektedir.

With Tibia, Tavilo's new monoblock chair, the aim is to offer the market a monoblock chair that is ergonomic, comfortable and aesthetically pleasing in the places where it is used, which beautifully replaces furniture made of other materials with its design details.

With its soft curved lines, low and comfortable backrest, and the fluid unity of the legs and body, Tibia makes it possible to use in many different places. In gardens, cafes, schools, homes, terraces, hotels, beaches and even as urban furniture, Tibia promises an assertive entry that will make a difference in the market.

Yüzeyde Teknoloji, Kullanımda Üstünlük

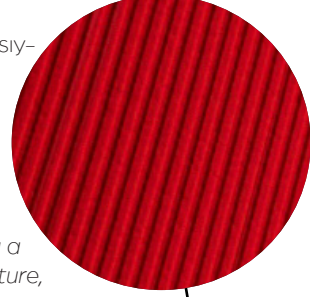

Tavilo ürünlerinde kullanılan Gentaş yüzey teknolojisi, estetik görünümü ileri mühendislikle buluşturur. Farklı doku seçenekleri sunan bu özel yüzeyler; çizilmeye, darbeye ve neme karşı yüksek dayanım sağlarken, uzun ömürlü ve kolay bakım avantajı sunar.

Modern tasarım anlayışıyla geliştirilen Tavilo yüzeyleri, yoğun kullanıma uygun yapısıyla hem iç hem dış mekânlarda güvenle tercih edilir.

Technology on the Surface, Excellence in Use

The Gentaş surface technology used in Tavilo products brings aesthetic appeal together with advanced engineering. These specially developed surfaces, offering a variety of texture options, provide high resistance to scratches, impacts, and moisture, while ensuring long-lasting performance and easy maintenance.

Developed with a modern design approach, Tavilo surfaces are suitable for intensive use and can be confidently preferred in both indoor and outdoor applications.

Bu katalogda yer alan tüm ürünler Genmar Yapı tarafından Türkiye'de üretilmiştir (Made in Türkiye).

Katalogda bulunan ürün görselleri, ölçüler, renkler, kapasiteler ve teknik bilgiler bilgilendirme amaçlıdır. Baskı teknikleri, dijital ekran ayarları ve üretim süreçlerindeki farklılıklar nedeniyle renk tonlarında ve yüzey detaylarında değişiklikler görülebilir. Genmar Yapı, ürünlerin tasarımında, teknik özelliklerinde, renk seçeneklerinde, ölçülerinde ve kapasitelerinde önceden bildirimde bulunmaksızın değişiklik yapma hakkını saklı tutar. Bu katalogda yer alan bilgiler bağlayıcı olmayıp, güncel ürün bilgileri için satış temsilcilerimizle iletişime geçilmesi önerilir.

Bu katalogda yer alan hiçbir bilgi, görsel veya açıklama, Genmar Yapı açısından herhangi bir taahhüt veya sorumluluk doğurmaz.

Tüm hakları saklıdır. Bu katalogda yer alan metin ve görseller, Genmar Yapı'nın yazılı izni olmaksızın kısmen veya tamamen çoğaltılamaz, paylaşılamaz veya başka amaçlarla kullanılamaz.

All products featured in this catalogue are manufactured in Türkiye by Genmar Yapı (Made in Türkiye).

The product images, dimensions, colors, capacities, and technical specifications provided in this catalogue are for informational purposes only. Variations in color tones and surface details may occur due to printing techniques, digital display settings, and manufacturing processes. Genmar Yapı reserves the right to make changes to product designs, technical specifications, color options, dimensions, and capacities without prior notice. The information contained in this catalogue is not binding, and customers are advised to contact our sales representatives for the most up-to-date product information.

None of the information, visuals, or descriptions contained in this catalogue shall constitute any commitment or liability on the part of Genmar Yapı.

All rights reserved. The content of this catalogue, including texts and visuals, may not be reproduced, shared, or used in whole or in part without the prior written consent of Genmar Yapı.
